Werner Walcher

Werner Walcher is President of *Fresh From The Yukon Inc.* Werner's goal is to combine the beauty of the North with worldwide socially relevant stories which are very attractive to a national and an international audience. Werner's documentaries have been broadcast on OMNI.1, APTN, CBC North and CBC Country Canada.

Werner has a strong sense of the North and is very comfortable and experienced in working outdoors. He is keen to present stories from a Northern perspective and is very attentive to details and logistics.

River of Life, a one-hour documentary, is his second film as a director with the NFB. It had its World Premiere at the *2007 Montreal International Film Festival*. Werner was director, cinematographer and writer for *Follow Your Dreams*, a one-hour documentary for OMNI.1, and for the award-winning short film *Dogs in Concert*, also with the NFB.

Werner has been working as field producer for Kids' CBC, producing Yukon segments for *Kids Across Canada* in conjunction with the Whitehorse CBC TV team. He also worked as freelance cinematographer for CBC, BBC, ZDF, NNB and other broadcasters.

Currently Werner is developing two new documentaries: *Herschel Island* with the support of the NFB, and *Ben-My-Chree* with the support of the Yukon Filmmaker's Fund.
